**PRODUCT :** AJAX Expert - Bathroom - Spray  
liquid all purpose cleaner - spray

Page 2 of 4

## 5 FIRE-FIGHTING MEASURES

Not flammable (aqueous solution containing a major proportion of water).

Flashpoint : Not applicable

Extinguishing media : water-spray, all-purpose dry chemical, CO<sub>2</sub>.  
(depending on fire circumstances and surrounding materials)

Special fire-fighting procedures :

Self-contained breathing apparatus and protective clothing should be worn when fighting chemical fires.

## 6 ACCIDENTAL RELEASE MEASURES

Wipe up small spills.

Do not wash out large spills into the drain; cover with inert absorbent material and remove to disposal container (resisting to acids) for subsequent handling by a specialist for appropriate treatment and disposal. Flush residue with plenty of water.

Spill areas may be slippery.

Use of gloves is recommended; goggles may be useful to avoid splashes in the eyes.

## 7 HANDLING AND STORAGE

**7.1 - Handling :** No particular recommendations.

**7.2 - Storage :** Store in a cool dry place. Keep above freezing temperature.

## 8 EXPOSURE CONTROLS / PERSONAL PROTECTION

Avoid eye contact.

Protective clothing :

Under normal conditions of use, no special protection for eyes or skin is required.

In processing and packaging operations where skin or eye contact are possible, the use of safety goggles and rubber gloves is recommended.

## 9 PHYSICAL AND CHEMICAL PROPERTIES

**Appearance :** Blue clear thin liquid

**Odour :** Perfumed liquid

**pH :** 2.2 ± 0.3 (as is)

**Relative density :** 1.03

**Solubility :** Fully miscible in water

**Viscosity :** Same as water

## 10 STABILITY AND REACTIVITY

Stable in normal conditions. No hazardous reactions expected.  
Materials to avoid : materials liable to react with weak acids.

## 11 TOXICOLOGICAL INFORMATION

This product has not been tested as a whole.

In case of accidental ingestion of a small quantity, transient gastro-intestinal effects / discomfort may occur but no acute harmful effects are anticipated.

Mild eye irritation may occur.

Skin irritation may occur after prolonged or repeated contact with the neat product.

**LD 50 :** > 2000 mg/kg body weight  
(based on the toxic contributions of the components)

## 12 ECOLOGICAL INFORMATION

Major ingredients in this product are readily biodegradable (OECD 301 test series).

## 13 DISPOSAL

Any disposal practice must be in compliance with local country laws and regulations.  
Do not dispose of into sewers, any body of water or onto the ground.

## 14 TRANSPORT INFORMATION

No special instructions. Not subject to ADR, IATA & IMDG codes.

## 15 REGULATORY INFORMATION

This product is NOT classified as "Dangerous" according to the Directive 1999/45/EC on the classification, packaging and labelling of dangerous preparations.

The primary biodegradability of the surfactants present in the product is higher than 80% (in compliance with Directives 73/404/EEC and 73/405/EEC and amendments 82/242/EEC and 82/243/EEC).

## 16 OTHER INFORMATION

- this SDS has been prepared in accordance with the directive 91/155/EEC including the second commission amendment 2001/58/EC.
- this SDS complements the indications present on the packaging. In particular, directions for use and warnings stated on label should be followed.
- this information is based on the best knowledge of Colgate-Palmolive at the time of issue of this SDS and is given in good faith, but the Company cannot guarantee its accuracy, reliability or completeness and therefore disclaims any liability for loss or damage arising out of the use of this data.
- since conditions of use and handling are out of the control of Colgate-Palmolive, the Company disclaims any liability for loss or damage when the product is used for other purposes than it is intended.
- the information contained in this SDS does not constitute any kind of commercial contract or commitment.
